National FFA Career Development Events

A Special Project of the National FFA Foundation

National FFA Career Development EventsGeneral Information

Contact:

Career Development Events Education Specialist National FFA Center 6060 FFA Drive PO Box 68960 Indianapolis, Indiana 46268-0960 (317) 802-4288 Technical Writer: Jessica Scholer Indianapolis, Indiana

These are the official rules and regulations for National FFA Career Development Events for 2012-2016. Refer to the CDE webpage on ffa.org for the most up-to-date edition of the career development event handbook.

Prepared and published by the National FFA Organization. The National FFA Organization is a resource and support organization that does not select, control or supervise state association, local chapter or individual member activities except as expressly provided for in the National FFA Organization Constitution and Bylaws. The National FFA Organization affirms its belief in the value of all human beings and seeks diversity in its membership, leadership and staff.

FFA makes a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success through agricultural education. National FFA Online, www.ffa.org, FFA's Internet web site, can provide information about the National FFA Organization.

Philosophy of National FFA Career Development Events

The National FFA Organization is dedicated to organizing experiences that will meet the future needs of students while accomplishing the current purposes of agricultural education. The primary goal of career development events is to develop individual responsibilities, foster teamwork and promote communication while recognizing the value of ethical competition and individual achievement.

The activities in each career development event:

- include problem solving, critical thinking and teamwork skills, where appropriate.
- encourage appreciation for diversity by reducing barriers to participation among members.
- develop general leadership and recognize individual and team achievement.
- promote concentrated focus on future needs of members and society.

The National FFA Organization assumes the leadership role in developing and continuously improving relevant FFA career development events. National career development events should reflect instruction that currently takes place in the entire agricultural education program, including classroom instruction, laboratory instruction, individualized instruction and/or supervised agricultural experience. Career development events and awards are intended to be an outgrowth of instruction. Also, it is appropriate for the national organization to develop career development events and awards that stimulate instruction in emerging areas that reflect both current and future community, national and global work force needs. National FFA Career Development Events should be developed with significant input from FFA members, teachers, partners, respective industry sponsors and others involved in agricultural education. The National FFA Organization continues to encourage accessibility and provide opportunities for achievement and recognition for students with diverse backgrounds.

Career development events that include team activities should be based on cooperation and teamwork while recognizing the value of competition and individual achievement. Where appropriate, team activities will be included that require two or more members from one chapter working cooperatively.

Agriculture, Food and Natural Resources (AFNR) Career Cluster Content Standards

Agriculture is a highly technical and ever-changing industry upon which everyone is dependent. In order to maintain agriculture as the nation's number one industry, it is crucial to understand the importance of agrisciences, marketing strategies, safe food production and continuous research. Strong, relevant agriscience programs are one way to can maintain the nation's agricultural edge.

The National AFNR Career Cluster Content Standards were developed as part of the National FFA 10 x 15 project to provide state agricultural education leaders and teachers with a forward-thinking guide for what students should know and be able to do through the study of agriculture. The National AFNR Career Cluster Content Standards should be used as a guide to develop well-planned curriculum in agriscience education to be delivered to students throughout the country. For a complete copy of the AFNR Career Cluster Content Standards please visit www.agedlearning.org.

National FFA Organization has adopted the AFNR Career Cluster Content Standards and integrated them into all national award and recognition programs for the benefit of the members, school administration and agriculture as a whole. Details outlining the incorporation of the standards in career development events can be found at the end of each event chapter in the CDE handbook.

Official CDE Rules and Policies – 2012-2016

General Rules

Violations of any of the following rules may be grounds for the event superintendent to disqualify the participants. National FFA staff and event superintendents will use the published rules and procedures to organize and implement the National FFA Career Development Events. Event activities may not be conducted due to lack of necessary materials, expertise or extreme impact to event budgets. Teams that are certified to compete will receive the current event format in a team orientation packet prior to the convention.

Official Dress Recommendations, Number of Participants and Number of Scores for Team Total

Event	Official Dress Appropriate	Number of Participants Allowed (per team)	Number of Scores Counted for Team Score
Agricultural Communications	Yes	3	3
Agricultural Issues Forum	Optional	3-7	Team Score Event
Agricultural Technology and Mechanical Systems	No	4	Top 3 Scores
Agricultural Sales	Yes	4	4
Agronomy	Yes	4	4
Creed Speaking	Yes	1	N/A
Dairy Cattle Management and Evaluation	Yes	4	4
Dairy Cattle Handlers	Yes	1	N/A
Environmental and Natural Resources	No	4	4
Extemporaneous Public Speaking	Yes	1	N/A
Farm Business Management	Yes	4	Top 3 Scores
Floriculture	Yes	4	4
Food Science and Technology	Yes	4	4
Forestry	No	4	4
Horse Evaluation	Yes	4	Top 3 Scores
Job Interview	Yes	1	N/A
Livestock Evaluation	Yes	4	4
Marketing Plan	Yes	3	Team Score Event
Meats Evaluation and Technology	No	4	Top 3 Scores
Milk Quality and Products	Yes	4	4
Nursery/Landscape	Yes	4	Top 3 Scores
Parliamentary Procedure	Yes	6	Team Score Event
Poultry Evaluation	Yes	4	Top 3 Scores
Prepared Public Speaking	Yes	1	N/A
Veterinary Science	No	4	4

Eligibility of Participants

- A. Each participant must be a current, bona fide, dues paying FFA member in good standing with the local chapter, state FFA association and the National FFA Organization during the school year which the participant qualified to participate at the national level.
 - 1. In the event a participant's name is not on the chapter's official roster for the years in which the dues were payable to the National FFA Organization, a past due membership processing fee, in addition to the dues, must be paid prior to the national event.
 - 2. National FFA membership staff will set the processing fee amount annually.
- B. The participant, at the national event, must:
 - 1. Be a high school FFA member; high school refers to grades 9-12. (A graduating senior is considered eligible to compete in state and national career development events up to and including his/her first national convention following graduation.)
 - 2. Have qualified as a 7th, 8th or 9th grade member to participate in the Creed speaking event.
 - 3. While in high school, be enrolled in at least one agricultural education course during the school year and/or follow a planned course of study; either course must include a supervised agricultural experience program, the objective of which is preparation for an agricultural career.
 - 4. If a student moves to a different chapter or a different state once a he/she has qualified as a state representative in a career development event, that student may be allowed to compete in the national event with the school he/she qualified with during the qualifying year.
- C. A student may not participate more than once in the same official National FFA Career Development Event.
- D. No student may participate in more than one National FFA Career Development Event each year.
- E. Each member participating in a National FFA Career Development Event must submit the proper *Waiver, Release of Liability and Consent to Medical Treatment Form* prior to start of event.

Selection and Certification of State Teams

- A. Each state will submit a team declaration form by **June 1** prior to the national FFA convention. An entry processing fee will be charged for participation in each declared event with the exception of the dairy cattle handlers activity.
- B. Each team will be composed of the number of members determined by the specific event rules and formats. The members of a state team must be from the same chapter. Members must qualify in the career development event in which they are to participate at the national level. Teams must be selected at a state or interstate career development event held between the immediate previous national FFA convention and prior to the national FFA convention in which they are participating. States that qualify more than one year out must request and submit a written waiver for approval by the certification deadline.
 - 1. Online certification deadline: **September 15.**
 - 2. Online add/delete deadline: Tuesday before convention at noon (Eastern).
- C. With extenuating circumstances a teacher may substitute another student from the chapter who may not have participated at a state qualifying event, with the exception of Creed speaking, dairy handlers activity, extemporaneous public speaking, job interview and prepared public speaking, which must be submitted and approved by state staff.

- D. The state supervisor of agricultural education or the executive secretary must certify that participants are eligible. If an ineligible student participates in any career development event, the member will be disqualified and may result in the disqualification of the team as well
- E. All students must be certified online by the designated deadline. Once original certification has been completed, no member may be added without first deleting a member.
- F. The national organization will certify National FFA Career Development Event winners for international competition when states request, with the understanding that the state team will provide their own travel expenses.

Emergency Conditions

Under emergency conditions a state team participating in a National FFA Career Development Event may be made up of less than the required members. States must still certify teams prior to the national FFA convention, but fewer than the required members could compete if an emergency condition such as illness, death in the family or an act of God would occur. Those individuals competing would still be eligible to qualify for individual awards, if applicable.

Disqualification

- A. Any communication, verbal or non-verbal, between participants during a career development event will be sufficient cause to eliminate the team member involved from the career development event. The only exception to this would be communications between team members during the team activity portion of a given career development event.
- B. Teams or participants arriving after the career development event has begun may be disqualified or penalized.
- C. Any assistance given to a team member from any source other than the career development event officials or assistants will be sufficient cause to eliminate the team from the career development event.
- D. Event superintendents may stop any participant if they deem their manner to be hazardous either to themselves or others. Such action shall deem the individuals disqualified for that section of the career development event.
- E. Participants who start an event and do not complete the event without notifying event officials at the time of departure will be disqualified. This can affect the overall team rank and position. In some events this will also disqualify the entire team.
- F. Participants will not be allowed to utilize personal electronic communication devices, other than those approved by the event officials, during the entire course of the event. Participants who access personal electronic communication devices without prior approval of the event officials will be disqualified.
- G. No participant shall gain access to real materials that will be utilized by the event committee during competition. Any team, participant, advisor or coach reported and proven to do so will be disqualified from the national event.

Additions/Deletions of National Events

- A. National FFA staff is expected to be proactive in developing new or initiating changes within existing career development events to ensure that they meet the needs of FFA members.
- B. If fifteen (15) state supervisors/executive secretaries develop a proposal for a new career development event, the national FFA staff will conduct a study for the validity of the career development event and make a recommendation to the chief executive officer. Representatives of these states must be from each of the FFA regions. The same process may be used to eliminate a national career development event.
- C. Three years following the initiation of a new career development event, at least fifteen (15) states should be participating. After the next three-year period, at least twenty-six (26) states should be participating in order to retain the event at the national level.

Rules Committee/Scoring Appeals Process

- A. If a written appeal is filed within the seven (7) calendar days after results announcement, national CDE staff will review the appeal. Upon receiving input from team leader and division director, national CDE staff will accept or deny the appeal. The national CDE staff's recommendation will be shared with appeals committee and National FFA Chief Executive Officer for further input, if necessary.
 - 1. The written appeal must be filed with the Education Division staff responsible for scoring career development events within seven (7) calendar days of the results announcement and accompanied by a \$50 filing fee. The fee will be returned if the appeal is justified.
- B. The appeals committee will be chaired by the National FFA Awards, Recognition and Career Development Events Advisory Committee chairperson who will in turn appoint a representative of the each of the following organizations: National Association of Supervisors of Agricultural Education (NASAE), National Association of Agricultural Educators (NAAE) and the American Association for Agricultural Education (AAAE). The National FFA staff responsible for career development events will also serve on the committee.

Waiver of FFA Rules

Any local chapter seeking a waiver of a National FFA policy or procedure must submit in writing to the chapter's state FFA association office. If the request is approved at the state level, it must be forwarded, under the signature of the state advisor or executive secretary, to the career development events education specialist. After study by the appropriate FFA staff, a recommendation to grant or deny the appeal will be forward to the chief executive officer for his/her approval. The request must be submitted to the national FFA staff at least 30 days prior to the scheduled event or due date for which the waiver is requested. This policy does not supersede any current FFA policy for appeals already established for a particular FFA program.

Selection of CDE Superintendents and CDE Committee Members

- A. Nominations for CDE superintendents may come to National FFA staff from the following sources:
 - 1. standing CDE superintendent
 - 2. current CDE committee members
 - 3. state leadership
 - 4. Team Ag Ed partners
- B. CDE superintendents will be selected by national CDE staff and approved by the National FFA Chief Executive Officer.
- C. Each CDE superintendent will serve a three to five year term. At the end of the superintendent's term, a qualified replacement will assume the duties of superintendent.
- D. National FFA staff and CDE superintendents will select qualified individuals to serve on CDE committees. Selection of committee members will be based on:
 - 1. individual qualifications.
 - 2. recommendations from state leaders, current CDE committee members, CDE superintendents or National FFA staff.
 - 3. recommendations from Team Ag Ed partners.
 - 4. current rotational procedures developed by each CDE committee.
 - 5. provide diversity for the committee.
 - 6. commitment to serve a minimum of three years on the committee.
- E. Final approval of new committee members is the responsibility of the National FFA CDE staff with input and recommendations from CDE event superintendent and committee.

Sanctioning Events

Sanctioning of non-national FFA competitive events (those competitive events conducted by organizations other than the National FFA Organization) as National FFA Career Development Events should occur when:

- 1. The highest quality event possible is conducted.
- 2. Organization conducting event and National FFA Organization agree that event can and should be sanctioned.
- 3. Event is recommended by the National FFA Staff responsible for CDEs with input and agreement from the Award and Recognition Advisory Committee and approved by the National FFA Chief Executive Officer.
- 4. National FFA is represented by staff responsible for career development events on the planning and implementation committee for each event.
- 5. Winners of the national sanctioned event will be recognized in the same manner as national career development events winners are currently recognized.

Official Dress

Participants are expected to observe the National FFA Code of Ethics and the proper use of the FFA jacket during career development events. (Please reference the latest edition of the Official FFA Manual.) Official FFA dress is highly recommended for all participants where appropriate and is required for the awards presentation and recognition.

Accessibility for All Students

All special needs requests and appropriate documentation as outlined in the special needs request policy must be submitted at time of certification.

- 1. Special needs policy is posted on the CDE program page at www.ffa.org/cde
- 2. Special needs request due: August 15

Written Document Penalties

A penalty of 10% of the total points allotted will be assessed for the written documents received after the postmarked deadline. If the document is still not received seven days after the postmarked deadline, the team/individual may be subject to disqualification.

- 1. National staff will mark late entries as such.
- 2. Event officials will be notified of late entries at the time written documents are provided for judging.
- 3. Event superintendent will ensure that penalty is applied.

National FFA Veterinary Science Career Development Event

A Special Project of the National FFA Foundation

Important Note

Please thoroughly read the Introduction Section at the beginning of this handbook for complete rules and procedures that are relevant to all National FFA Career Development Events.

I. Purpose

The purpose of the veterinary science career development event is to promote college and career readiness by providing opportunities to develop technical knowledge and demonstrate practical skills in the field of veterinary science.

II. Objectives

- A. Participants will demonstrate professional ethics, decision-making, communication and problem-solving skills.
- B. Participants will demonstrate technical competency with small and large animals in the areas of:
 - 1. Anatomy and physiology
 - 2. Clinical procedures
 - 3. Identification
 - 4. Health and safety
 - 5. Medical terminology

III. Agriculture, Food and Natural Resources (AFNR) Career Cluster Content Standards

With the recommendation of the National FFA Board of Directors, all national FFA programs have incorporated these standards to guide the direction and content of program materials and activities. Refer to Appendix A in this chapter of the handbook for a complete list of the measurable activities that participants will carry out in this event. For details about the incorporation of AFNR standards, refer to the Introduction chapter of the CDE handbook.

IV. Event Rules

- A. Teams will consist of four members with all four members' scores counting toward total team score.
- B. Dress code:
 - 1. Day 1: It is highly recommended that participants wear FFA Official Dress for the written portion of the event.
 - 2. Day 2: All participants must wear either scrubs (top and bottoms; solid color) or polo with slacks. All participants must wear closed toe, closed heel and flat shoes (no clogs, sandals or flip-flops). No jewelry may be worn on the second day of this event. This includes rings, bracelets, earrings and exposed body piercing. Wrist watches are permitted.

- 3. Tools and Equipment:
 - a. Equipment provided: pencils, calculators, clipboards and paper.
 - b. National FFA will provide the specific tools and equipment needed to complete practicums.
 - c. Due to sanitation reasons, some items that may be needed in the event (such as stethoscopes) will need to be provided by the participant or their chapter. Teams will be provided a list of specific items needed for a specific year based on the event activ-
- 4. Any participant in possession of an electronic device in the event area is subject to disqualification.

V. Event Format

- A. Individual Activities
 - 1. Written Exam 100 points

The objective, multiple-choice exam is designed to determine team members' broad understanding of the veterinary science field. The written exam will consist of 50 multiple-choice questions. See sample questions below. Sixty minutes will be given for the exam. Topics for the exam may include:

- Behavior
- Disease (causes and sources, signs and symptoms)
- Medical terminology
- Medical records
- Anatomy/physiology
- Regulations (federal OSHA, MSDS)
- Patient management
- Facility management
- Genetics

Sample Written Exam Questions

Which of the following is the intermediate host for the dog tapeworm?

- A. Mosquito
- B. Rodent
- C. Flea
- D. Tick

What is the primary body defense against bacteria that may cause disease?

- A. Skin
- B. Antibiotics
- C. Antigens
- D. Lymph nodes

What route of administration deposits a drug into the blood vessel?

- A. Intravenous
- B. Intracardiac
- C. Intraperitoneal
- D. Intradermal

2. Scenario Questions - 50 points per scenario (100 points total)

The questions associated with the scenarios will allow students to utilize critical thinking and problem-solving skills. Fifty minutes total will be allowed to complete both scenario questions. Participants will be given two scenarios based on the topic rotation listed below.

- 2013 and 2017: Clinical/wellness
- 2014: Communication/customer education
- 2015: Behavior/husbandry
- 2016: Future of veterinary profession and welfare/ethics

Sample Scenario Question

Write a persuasive letter on the issue below to portray your point of view using the provided resource.

In 2006 a nationwide ruling was established banning the slaughter of horses. Since the ruling there have been serious growing concerns with the welfare and high number of unwanted/neglected horses in the United States. Currently several states are considering reversing the 2006 ban. What are the pros and cons of the original ban and the proposal to reverse it?

Resource: http://www.avma.org/issues/animal_welfare/unwanted_horses_fag.asp

3. Identification - 100 points total

Participants will identify equipment, parasites and breeds/species for a total of 100 points (2 points per item). Fifty minutes will be given for this activity. Identification lists are located at the end of this handbook.

- a. Equipment 50 points
 - Participants will identify pieces of equipment (actual equipment and photos). They will also need to have general knowledge about the use for each item.
- b. Parasites 30 points
 - Participants will identify parasites (specimen and photos) and explain the life cycles of selected parasites.
- c. Breeds -20 points
 - Participants will identify breeds of small and large animals (photos).

4. Practicums - 300 points total

Math Applications Practicum – 100 points

The number of practicum questions will vary based on the type of activity that is assigned. Participants will have 30 minutes to complete the entire math application practicum. Questions may include conversions, dose calculations, dilutions, cost calculations and invoices.

Example:

Sophie, a golden retriever, and her owner have just moved from out-of-state and are reestablishing veterinarian relations at your clinic. Sophie's owner has provided you with her health records from their previous veterinarian. Sophie had been prescribed a diet plan by the previous veterinarian and had been coming into the clinic for weekly weight checks. Sophie's owner would like to continue the weekly checks with you. You weigh Sophie and record her weight as 19 kg. The owner would like you to tell her how much weight Sophie has lost. Sophie's last recorded weight was 43.2 lb. How many pounds did Sophie lose since the last weighing? ANSWER: Sophie has lost 1.4 lb. since the last recorded weighing.

- b. Handling and Restraining Practicum 100 points
 - Participants will be given four handling/restraint activities to complete (25 points each). Fifteen to thirty minutes will be allotted for this section depending on the activities selected each year. Participants are expected to talk through the handling and restraining steps to a judge as they are being scored. Judges may speak and ask questions to the participant at the end of each activity, if time allows. All handling and restraining scorecards can be found at the end of this handbook.
- Clinical Procedure Practicum 100 points Participants will be given four clinical procedure activities to complete (25 points each). Fifteen to thirty minutes will be allotted for this section depending on the activities selected each year. Participants are expected to talk through the clinical procedure steps to a judge as they are being scored. Judges may speak and ask questions to the participant at the end of each activity, if time allows. All clinical procedure scorecards can be found at the end of this handbook.

B. Team Activity - 600 points

Teams will conduct research using local veterinarians and veterinary resources based on the annual topic. In a 15 minute presentation, teams will demonstrate the different roles of the veterinary team, as well as explain steps and procedures for the veterinary process to the judges. Judges will be allotted five minutes of question/answer time after each presentation. The potential roles to be addressed in the team activity are listed below. Teams need to determine what roles are most important to demonstrate based on the annual topic. Veterinary team roles may include, but are not limited to:

- Veterinary technician
- Veterinarian
- Veterinary assistant
- Receptionist
- Farm manager
- Owner/client
- Kennel/stable assistant

The presentation can be creative in nature and teams may include props, but must be able to set up in 5 minutes and tear down in 3 minutes. PowerPoint presentations will not be utilized in the team activity. See team activity rubric at the end of this handbook.

Annual team activity topics:

- 2013: Adult feline wellness visit
- 2014: Horse with equine colic
- 2015: Senior dog wellness visit
- 2016: Cow with salmonellosis
- 2017: Dairy goat with caprine arthritis encephalitis (CAE)

VI	Event	Scoring
A T.	LVOII	Dooring

Day 1 Events:	Individual Points	Team Points
Written Exam	100 (2 pts/question)	400
Scenario Questions	100 (50 pts/scenario)	400
Identification	100	400
Math Application Practicum	100	400
Day 2 Events:		
Handling and Restraining Practicum	100 (25 pts/activity)	400
Clinical Procedures Practicum	100 (25 pts/activity)	400
Team Activity	. 1	600
Maximum Total Points:	600	3,000

VII. Tiebreakers

- A. Team tiebreakers will be settled in the following order:
 - 1. Combined individual practicum total score
 - 2. Combined individual written exam total score
- B. Individuals tiebreakers will be settled in the following order:
 - 1. Combined practicum score
 - 2. Written exam score

VIII. Awards

Awards will be presented to individuals and teams based upon their rankings at the awards ceremony. Awards are sponsored by a cooperating industry sponsor(s) as a special project, and/or by the general fund of the National FFA Foundation.

IX. Resources

This list of references is not intended to be all inclusive. Other sources may be utilized, and teachers are encouraged to make use of the very best instructional materials available. The following list contains references that may prove helpful during event preparation.

Veterinary Science Career Development Event Written Scenario Scorecard – 50 points

Participant Name:	Stat	e:
-------------------	------	----

Indicators	Very strong evidence skill is present 5-4	Moderate evidence skill is present 3-2	Strong evidence skill is not present 1-0	Points Earned	Weight	Total Score
A. Spelling/ grammar (sentence structure, verb agreement, etc.)	 Spelling and grammar are extremely high quality. 2 or fewer spelling errors are present. 2 or fewer grammar errors are present. 	 Spelling and grammar are adequate. 3-5 spelling errors are present. 3-5 grammar errors are present. 	Spelling and grammar are less than adequate. • 6 or more spelling errors are present. • 6 or more grammar errors are present.		X 1	
B. Message	Communicates ideas extremely clearly as well as extremely focused. Thoughts are very interesting and understandable. • All main ideas are supported by clear and vivid details. • Clearly organized and concise by remaining on target, is completely focused with obvious construction and strong introduction, body and conclusion layout.	Communicates ideas clearly and concisely, and message is interesting and understandable. Most of the main ideas are supported by sufficient details. Good organization with few statements out of place or lacking in clear construction.	Communicates ideas clearly, but message is difficult to understand. None of the main ideas are supported by sufficient details. Little to no organization is present and is sometimes awkward and lacking construction.		X 1	
C. Writing style	Writing style is selectively appropriate for the intended audience. The style chosen has obviously been well thought-out based on the specific audience.	Thought was given to the intended audience, and the style reflects the purpose for communicating with that audience. • Most language is appropriate for the intended audience.	Writing style does not show intent to connect with different types of audiences, style is more for a generic reader. • Some language used might be confusing for some audiences		X 1	
WRITTEN CONTE	ENT					
D. Subject knowledge	Covers topic in-depth with details and examples. • Subject knowledge is excellent.	Includes essential knowledge about the topic. • Subject knowledge appears to be good.	Includes essential infor- mation about the topic but there are 1-2 factual errors.		Х 3	
E. Critical think- ing/problem- solving skills	Uses general methods, in an orderly manner, for finding solutions to specific problems. • Evaluates evidence and assesses conclusions. • Develops and defends a reasonable position or argument.	Uses limited critical thinking skills in determining solutions to problems. • Develops moderate defense to conclusion for position or argument.	Uses weak critical thinking skills in determining solutions to problems. • Develops weak defense to conclusion for position or argument.		X 2	
F. Inductive reasoning skills	Establishes a logical, systematic process of achieving certain ends with accuracy and efficiency. Gathers together particular observations in the form of premises. Moves from specific premises to a general conclusion.	Establishes a shallow reasoning process of achieving certain ends. • Gathers together limited observations in the form of premises. • Moves from incomplete specific premises to a general conclusion.	Establishes an inadequate reasoning process of achieving certain ends. Incompletely gathers observations in the form of specific premises. Inadequately formulates a general conclusion.		X 2

Haltering a Horse

Partici	pant Name: State:		
Participant must talk through practicum steps with judge.			
Criteri	a	Points Possible	Points Earned
1.	Without quick movements and loud noises, the student properly approaches the patient at a 45 degree angle to the patient's left shoulder.	4	
2.	The student places end of the lead rope over the horse's neck and passes sufficient length of lead to form a handheld loop around the horse's neck.	4	
3.	Holding the handheld loop in their right hand, with their left hand, the student slipped the nose-band of the halter over the nose.	4	
4.	With their right hand under the horse's neck, the student passes the crown strap over the head and behind the ears and attaches the end to the appropriate place on the halter.	4	
5.	The student snaps the end of the lead to the lead ring of the halter and undrapes the lead rope from the horse's neck.	4	
6.	The student adjusts the halter so it is snug enough that the nose piece could not fall over the end of the nose, but not so tight that the halter cut or rubbed the horse or restricted jaw movement or breathing.	5	
	TOTAL POINTS	25

Building a Temporary Rope Halter for a Cow

Partici	pant Name: State:			
	Participant must talk through practicum steps with judge.			
Criteri	a	Points Possible	Points Earned	
1.	The student loops the rope around the cow's neck.	5		
2.	The student ties a bowline to secure the loop.	5		
3.	The student folds the long end of the rope through the neck loop.	5		
4.	The student passes the bight or loop over the bridge of the cow's nose.	5		
5.	The student secures the second loop by tying a second knot at the throat latch.	5		
	TOTAL POINTS	25		
Judge'	s Signature Date			

Restraint of a Rabbit

Partici	pant Name: State:		
	Participant must talk through practicum steps wit	h judge.	
Criteri	а	Points Possible	Points Earned
1.	The student approaches the rabbit calmly and quietly.	5	
2.	The student scruffs the rabbit with one hand while gently lifting the front end.	5	
3.	The student's other hand immediately reaches under the hind limbs and holds them (not allowing the hind limbs to dangle).	5	
4.	The student rests the rabbit's body on the arm with the hand holding the hind limbs.	5	
5.	The scruffing hold is released and the hand is moved to hold the elbow of the opposite arm	5	
	TOTAL POINTS	25

Administering Aural Medication

Particip	pant Name: State:		
	Participant must talk through practicum steps	with judge.	
Criteria	a	Points Possible	Points Earned
1.	The student applies gloves.	2	
2.	The student cleans ears.	3	
3.	The student successfully administered the medication into the ear canal without contamination of the applicator tip.	4	
4.	The student applies proper amount of medication into the ear as noted by the veterinarian.	3	
5.	The student removes the dispenser from the ear.	3	
6.	The student massages the base of the outside of the ear canal causing a swishing sound from the medication moving around in the ear canal.	4	
7.	The student wipes any solution that may have leaked onto the outside of the ear flap or hair.	3	
8.	The student disinfects the medication dispenser with alcohol and places in appropriate area.	3	
	TOTAL POINT	TS 25	
Judge's	s Signature Date		

Administering an Intramuscular Injection

Participant Name: State:		
Participant must talk through practicum steps wit	h judge.	
Criteria	Points Possible	Points Earned
1. The student places one hand with the fingers located medially along the middle of the femur. The thumb is placed on the lateral aspect of the mid-thigh.	4	
2. The student rubs an alcohol saturated cotton ball over the injection site.	4	
3. The student inserts the needle cranially and behind the femur between the stifle and hip joint.	4	
4. The student directs the needle through the skin and in to muscle mass.	4	
5. The student aspirates the plunger on the syringe; if no blood is noted, inject the substance slowly.	3	
6. The student withdraws the needle and places in the sharps container.	3	
7. The student massages the area where the injection was given and praises the patient.	3	
TOTAL POINTS	25	
Judge's Signature Date		

Administering Ophthalmic Medication

Partici	pant Name: State:		
	Participant must talk through practicum steps with	h judge.	
Criteri	a	Points Possible	Points Earned
1.	The student wipes any discharges from the patient's eye using a gauze sponge.	3	
2.	The student opens the end of the ophthalmic medicine and holds in one hand.	3	
3.	The student, using the free hand, uses the index finger and thumb to pull the upper and lower lids apart to open the eye. a. The student's thumb pulls the lower lid down and the index finger pulls the upper lid upward. b. The student's other finger may rest on the head of the animal.	4	
4.	The student gently tilts the head upward.	3	
5.	The student applies the drops or ointment gently into the eye, counting each drop and applying the proper amount.	3	
6.	The student applies the ointment over a thin layer on the lower lid.	3	
7.	The student releases the eyelids.	3	
8.	The student allows the animal to blink to move the medication throughout the eye.	3	
	TOTAL POINTS	25	
Judge's	s Signature Date		

Administering a Subcutaneous Injection

Particij	pant Name: State:		
	Participant must talk through practicum steps w	ith judge.	
Criteria	a	Points Possible	Points Earned
1.	The student lifts the skin between the shoulder blades using the thumb and forefinger of one hand. Form a triangle or tent with the skin.	4	
2.	The student wipes the area with an alcohol-soaked cotton ball.	3	
3.	The student uses the other hand to insert the needle into the skin at the base of the tent or triangle parallel to the body.	3	
4.	The student releases the skin once the needle is placed.	3	
5.	The student uses their free hand to palpate the needle below the skin to check for accurate placement, noting the needle is not through the skin.	4	
6.	The student aspirates the end of the plunger, looking for any signs of blood entering the syringe; if no blood enters the syringe, administer the injection.	3	
7.	The student withdraws the needle and places in the sharps container.	3	
8.	The student rubs the injection site with one hand and praises the patient.	2	
	TOTAL POINTS	25	
Judge's	s Signature Date		

Administering Topical Medication

Particij	pant Name: State:		
	Participant must talk through practicum steps	with judge.	
Criteri	а	Points Possible	Points Earned
1.	The student cleans area as necessary.	4	
2.	The student uses a tongue depressor to transfer an amoun of topical medication if the container is for multiple dose		
3.	The student applies the ointment onto the area in a circula motion, starting at the center of the wound and gently working outward.	ar 5	
4.	The student does not contaminate the medication by touching items that touched the animal.	4	
5.	The student separates hair from skin and applies as directed.	4	
6.	The student cleans the area and puts items away.	4	
	TOTAL POINT	ΓS 25

Bandage Application

Participant Name:	State:
	Participant must talk through practicum steps with judge.

Criteria		Points Possible	Points Earned
1.	The student applies a strip of 1" or 2" tape along the cranial aspect of a limb and one strip on the caudal aspect of a limb to prevent slipping; tape extends beyond the end of the limb.	2	
2.	The student applies gauze pad on wound.	1	
3.	The student applies primary layer using cotton roll by applying distally to the end of the area and then proximally to cover the entire surface; apply cotton at slight 45-degree angle. Wrap is not too tight, cutting off circulation.	2	
4.	The student applies the cotton roll smoothly and evenly; preventing wrinkling.	1	
5.	The student applies each layer of cotton so that it overlaps the previous layer.	1	
6.	The student applies gauze roll as secondary later distally to the end of the area and then proximally to cover the entire surface; gauze is not too tight, cutting off circulation.	2	
7.	The student applies the gauze at a slight 45-degree angle.	1	
8.	The student applies the gauze layer smoothly and evenly, preventing wrinkling.	1	
9.	The student applies each layer of gauze so that it overlaps the previous layer.	1	
10.	The student applies desired amount with a slight extension beyond the end of the primary layers.	1	
11.	The student applies the vet wrap tertiary layer by applying distally to the end of the area and then proximally to cover the entire area.	2	
12.	The student applies the vet wrap at a slight 45-degree angle.	1	
13.	The student applies the vet wrap smoothly and evenly, preventing wrinkling.	1	
14.	The student applies each layer of vet wrap so that it overlaps the previous layer.	1	
15.	The student applies to desired amount with the edges of the bandages extending slightly beyond the secondary layer.	1	
	The student applies 1" or 2" adhesive tape to the proximal end and the distal end of the bandage edges; half of the tape layer is attached to the bandage and half of the tape layer is attached to the hair.	2	
17.	The student places a small amount of tape along the last edge of the vet wrap at the end of the bandage opening.	2	
18.	The student checks the patient's toes for swelling and temperature.	2

Filling a Syringe

Participant Name:	State:
	Participant must talk through practicum steps with judge.

Criteria	Points Possible	Points Earned
1. The student determines the drug or vaccine and amount to be placed in the syringe.	2	
2. The student selects the proper-sized syringe, needle length and gauge.	2	
3. The student prepares a label with the drug or vaccine name, amount to be withdrawn, date, patient name and veterinary assistant's initial.	2	
4. The student places the label on the distal barrel of the syringe.	2	
5. The student prepares a cotton ball saturated with alcohol.	2	
6. The student places the cotton ball on the top of the vial and wipes the rubber stopper area.	2	
7. The student places the vial upside down in one hand with the fingers curling around the vial securely.	2	
8. The student uncaps the needle and inserts the needle into the rubber top of the vial.	2	
9. The student withdraws the proper volume.	3	
10. The student removes the needle from the vial.	2	
11. The student gently taps or snaps the edge of the syringe to remove an air bubbles, or slightly expel the air by pushing the end of the plunger.	2	
12. The student recaps the needle.	2

Prepare a Gram-Stained Slide

Participant Name:	 State:	

Participant must talk through practicum steps with judge.

Criteria	Points Possible	Points Earned
1. The student selected a bacterial sample by touching a sterile wire or loop to one colony on an agar plate.	2	
2. The student mixed the sample on a microscope slide with a drop of water or saline.	2	
3. The student circled the sample droplet on the slide with a wax pencil to help identify the area after staining.	2	
4. The student allowed the slide to air dry.	2	
5. The student heat fixed the slide by passing it through a flame 2-3 times, specimen side up.	2	
6. The student held the slide over the sink or placed it on a rack over the sink, flooded the smear with crystal violet, and let stand for one minute.	2	
7. The student rinsed the smear briefly with water.	1	
8. The student held the slide over the sink and flooded the smear with Gram's iodine solution and let stand for one minute.	2	
9. The student rinsed the smear briefly with water.	1	
10. The student washed the smear with decolorizer until no more purple color washed off (5-10 seconds).	2	
11. The student held the slide over the sink and flooded the smear with safranin and let stand for one minute.	2	
12. The student rinsed the smear briefly with water.	1	
13. The student allowed the slide to air dry or gently blotted it dry between paper towels.	2	
14. The student mounted the slide on the microscope and focused on the smear using the oil immersion lens.	2	
TOTAL POINTS	25

Use of a Microscope

Participant Name:	State:
	Participant must talk through practicum steps with judge.

Criteria	Points Possible	Points Earned
1. The student removes the plastic cover from the microscope; the arm of the microscope should face the user.	2	
2. The student plugs in the microscope and turns on the power source including the light.	2	
3. The student places a slide on the stage of the microscope, securing it in place.	2	
4. The student places the projection lens on a low power.	2	
5. The student uses the adjustment knob to lower the objective power while looking through the eyepiece.	2	
6. The student looks at the stage through the eyepiece while focusing the slide; adjusts the focus accordingly; raises the objective arm away from the slide when complete.	3	
7. The student applies a drop of immersion oil into the center of the slide specimen if using the oil immersion objective lens.	2	
8. Lower the immersion objective slowly into the immersion oil.	2	
9. The student slowly adjusts the focus knob while looking in the eyepiece.	2	
10. When complete, the student raises the objective arm away from the slide.	2	
11. The student removes the slide from the microscope stage.	2	
12. The student uses a kim wipe or lens paper piece to gently cleanse the objective.	2	
TOTAL POINTS	25

Veterinary Science Team Activity Rubric 600 points

Indicators	Very strong evidence skill is present 5-4	Moderate evidence skill is present 3-2	Strong evidence skill is not present 1-0	Points Earned	Weight	Total Score
A. Attention (eye contact)	Eye contact constantly used as an effective connection. Constantly looks at the entire audience (90-100% of the time).	Eye contact is mostly effective and consistent. Mostly looks around the audience (60-80% of the time).	Eye contact does not always allow connection with the speaker. Occasionally looks at someone or some groups (less than 50% of the time).		X 10	
B. Manner- isms	Does not have distracting manner- isms that affect effectiveness.	Sometimes has distracting manner- isms that pull from the presentation.	Has mannerisms that pull from the effectiveness of the presentation.		X 5	
C. Gestures	Gestures are purposeful and effective. Hand motions are expressive, and used to emphasize talking points. Great posture (confident) with positive body language.	Usually uses purposeful gestures. Hands are sometimes used to express or emphasize. Occasionally slumps; sometimes negative body language.	Occasionally gestures are used effectively. Hands are not used to emphasize talking points; hand motions are sometimes distracting. Lacks positive body language; slumps.		X 5	
Oral – 200 j	points					
A. Speaking without hesitation	Speaks very articulately without hesitation. Never has the need for unnecessary pauses or hesitation when speaking.	Speaks articulately, but sometimes hesitates. Occasionally has the need for a long pause or moderate hesitation when speaking.	Speaks articulately, but frequently hesitates. Frequently hesitates or has long, awkward pauses while speaking.		X 10	
B. Tone	Appropriate tone is consistent. Speaks at the right pace to be clear. Pronunciation of words is very clear and intent is apparent.	Appropriate tone is usually consistent. Speaks at the right pace most of the time, but shows some nervousness. Pronunciation of words is usually clear, sometimes vague.	Has difficulty using an appropriate tone. Pace is too fast; nervous. Pronunciation of words is difficult to understand; unclear.		X 10	
C. All team members participated	All team members took an active role in the presentation.	Three team members took an active role in the presentation.	Two or less team members took an active role in the presentation.		X 20	
Content – 3	00 points				•	
A. Role accuracy	Fully accurate in defining roles of the veterinary team.	Somewhat accurate in defining roles of the veterinary team.	Inaccurately defines the roles of the veterinary team.		X 20	
B. Veteri- nary process research	Demonstrates researched knowledge of the veterinary process.	Demonstrates somewhat researched knowledge of the veterinary process.	Does not demonstrate researched knowledge of the veterinary process.		X 20	
C. Q&A: Demon- strates knowledge of topic	Answer shows thorough knowledge of the subject of the speech. Supports answer with strong evidence.	Answer shows some knowledge of the subject. Some evidence, but lacking in strength.	Answer shows little knowledge of the subject. Evidence is lacking to support the answer.		X 10	
D. Q&A: Speaking unrehearsed	Speaks unrehearsed with comfort and ease. Is able to speak quickly with organized thoughts and concise answers.	Speaks unrehearsed mostly with comfort and ease, but sometimes seems nervous or unsure. Is able to speak effectively, has to stop and think, and sometimes gets off focus.	Shows nervousness or seems unprepared when speaking unrehearsed. Seems to ramble or speaks before thinking.		X 10

National academic standards for mathematics, science, English language arts and social studies related to this event are reported below. The statements are based on information in reports of the respective associations/organizations in the academic areas. Some adjustment of numbering was done to facilitate the process of alignment with the standards that have been developed in the pathways of the Agriculture, Food and Natural Resources (AFNR) Career Cluster.

The approach was to determine the presence of alignment between the content standards, expectations or thematic strands of the four academic areas and the performance indicators of the AFNR Standards. Supporting statements have been included to clarify content of the respective content standards, expectations or thematic strands. The statements were initially developed independently by the respective organizations and, therefore, are not parallel in wording and presentation. Occasionally minor editing was done to adjust the background or stem of a statement but not the statement itself.

Mathematics

- 6. Standard and Expectations: Problem Solving
 - 6C. Apply and adapt a variety of appropriate strategies to solve problems.

Science

- A. Content Standard: Science as an Inquiry
 - A4. Formulate and revise scientific explanations and models using logic and evidence.
- C. Content Standard: Life Science
 - C1. The cell
 - C2. Molecular basis of heredity
 - C3. Biological evolution
 - C4. Interdependence of organisms
 - C5. Matter, energy and organization in living systems
 - C6. Behavior of organisms
- E. Content Standard: Science and Technology
 - E2. Understanding about science and technology
- F. Content Standard: Science in Personal and Social Perspectives
 - F1. Personal and community health
 - F4. Environmental quality
 - F5. Natural and human-induced hazards
 - F6. Science and technology in local, national and global challenges

English Language Arts

- 4. Students adjust their use of spoken, written, and visual language (e.g., conventions, style, vocabulary) to communicate effectively with a variety of audiences and for different purposes.
- 5. Students employ a wide range of strategies as they write and use different writing process elements appropriately to communicate with different audiences for a variety of purposes.
- 8. Students use a variety of technological and information resources (e.g., libraries, databases, computer networks, video) to gather and synthesize information and to create and communicate knowledge.
- 12. Students use spoken, written and visual language to accomplish their own purposes (e.g., for learning, enjoyment, persuasion and the exchange of information).

Social Studies

- 4. Thematic Strand: Individual Development and Identity
 - 4a. articulate personal connections to time, place and social/cultural systems;
- 7. Thematic Strand: Production, Distribution and Consumption
 - 7f. compare how values and beliefs influence economic decisions in different societies;
- 9. Thematic Strand: Global Connections

9d. analyze the causes, consequences and possible solutions to persistent, contemporary and emerging global issues, such as health, security, resource allocation, economic development and environmental quality;
